Notes: Data shown reflects typical values applicable to the part numbers listed. Please contact a Perfex sales representative for more details.

Description

TruCLEAN PRO mopping system can be used in two (22L) or three (15L) bucket configurations depending on your cleaning protocols. Durable, lightweight stainless steel cart with high temperature resistant polypropylene buckets. TruCLEAN Cart has four 3" casters, one that locks easily with the touch of a foot. Stainless steel mop frame and adjustable polymer handle included.

Features

- Designed specifically for cleanroom use
- Autoclavable at 121° C for 30 minutes
- Durable stainless steel components
- Fully customizable mopping system

Benefits

- Ergonomic design with non-slip grip to reduce worker fatigue
- Unique wringing action significantly improves release of soiled contaminants
- Removable cart handle for easier autoclaving and storage
- Color coded to reduce cross-contamination
