

REXFORD™ RXS SERIES STOOLS

Rugged tubular steel base/round upholstered seat.

Shown with optional chrome-plated metal parts.

Choose Rexford RXS Series stools for top performance in a wide variety of environments including: industry, education, laboratory, clean room, static control and healthcare.

Each stool within this series features a different base to meet specific needs. Round upholstered seats are standard. Options include footrings, paint finishes, casters and glides.

STANDARD FEATURES

Seat: Round, 16" diameter, upholstered, with 3.5" of high-resilience molded foam cushioning.

Controls: Pneumatic seat-height adjustment.

Base: Rugged 5-legged tubular steel base with 23" leg spread and 21" diameter attached footring.

Casters and Glides: Dual-wheel, non-marring polyurethane casters resist movement when the seat is unoccupied.

Fire Retardant: Meets California Technical Bulletin 117; treatment to meet CAL 133 is optionally available.

Upholstery: A wide range of vinyl and fabric upholstery options are available to meet your needs.

Metal Parts: Rexford RXS Series stools have a black powder-coated finish as standard or a chrome-plated finish when specified with a C option code.

Warranty: 13 years.
